A Sonova brand

Phonak Virto™ R Infinio.

Unlock a world of new possibilities

Introducing the new Virto R Infinio

As the world's first rechargeable custom hearing aid equipped with Phonak SmartSpeech™ Technology, Virto R Infinio offers exceptional sound quality, speech understanding, connectivity and convenience, that has become synonymous with Infinio technology.

A discreet, modern device

Nothing fits better than custom. Our RightFit™ customization approach, considers the unique anatomy and hearing profile of every individual ear so that we can maximize comfort without sacrificing performance when crafting Phonak Virto R Infinio.

- Biometric Calibration is part of our RightFit customization approach, utilizing 1600 unique datapoints to optimize your hearing experience
- Custom designed and meticulously crafted, to ensure that your device sits comfortably in your ear, all day long

Universal connectivity

Phonak Virto R Infinio offers market-leading universal connectivity that allows seamless integration with all Bluetooth® enabled devices. Whether streaming music from a smartphone or taking hands-free calls, you'll stay connected throughout the day while automatically switching between conversations, music and media.

- Enjoy one step pairing to myPhonak and Bluetooth® devices*
- Connects up to 8 Bluetooth® devices, with the flexibility to have 2 simultaneously connected
- Comes with RogerDirect™ for further improving hearing performance in noise and over distance

* Smartphones and tablet

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Sonova AG is under license.

Automatically adapts to your environment

Experience exceptional speech understanding no matter where you are or what you are doing with AutoSense OS™ 7.0. It orchestrates Phonak SmartSpeech Technology, while automatically sensing your surroundings and adjusting settings for optimal hearing performance.

SmartSpeech Technology delivers 16% better speech understanding and 21% less fatigue at the end of the day[1,2]

AI

From Jazz to HipHop, Classical to Electronic: whatever your music style, enjoy every beat with our AI trained sound classification system.

1 Woodward, J. and Latzel, M. (2022). New implementation of directional beamforming configurations show improved speech understanding and reduced listening effort. Phonak Field Study News retrieved from www.phonak.com/evidence.

2 Latzel, M, Heeren, J and Lesimple, C. (2024) "Speech Enhancer reduces listening effort and fatigue." Phonak Field Study News retrieved from www.phonak.com/evidence.

Accessories and options

Phonak Charger Virto I

Phonak Virto I-R comes with our proprietary snap and charge system that makes recharging simple and secure, just drop them into the charger at night, and watch them magnetically attach to the charging ports.

Maximize hearing potential with Roger

Gives an extra boost in noise and over distance.

myPhonak

A highly rated hearing aid app, giving the ability to make personalized, real-time adjustments that suit your unique listening needs.

life is on

Since 1947, Phonak is dedicated to preserving social, emotional and physical life quality by opening new acoustic worlds. We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. Today we offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
